TEA STAINING WAIVER

This acknowledges that the polished stainless units, "SS", are subject to a tea staining effect.

"Tea staining" is a discoloration of stainless steel. The discoloration may cause our product(s) with a polished stainless steel finish to look like it is rusting.

PEDOC Power Solutions is not responsible for this occurrence in our products; nor will we refund or replace the units due to this occurrence.

Signature of purchaser

Date

Name of company

Instructions: At the time of purchase, please fill out this waiver and either fax to (847)439-0553 or attach to an email with your purchase order to info@pedocpower.com.
